These two-hour walking tours enjoy three different locations in Central Park. The South, Middle Kingdom Tour and Northern Secrets Tours explore each section individually.

Uncover and discover hidden knowledge behind the obvious in Central Park. Each walking tour unlocks secrets and juicy stories around the development and growth of this iconic New York landmark. Professionally guided by a historian and former park employee, this tour is guaranteed to widen the knowledge of even the local.

Full Description

Did you know there is a witch in Central Park? How about where the time capsule is located? Have you ever seen Bill Cosby’s bench? Which trees are biggest, oldest and oddest? As a

Historian, professional tour guide and former Central Park employee, very few guides hold the insider knowledge about Central Park than your guide on this tour.

Together we go beyond the norm of Strawberry Fields and the Zoo, to look at some of the lesser known facts, locations and stories behind Central Park. Offered Daily at 2:30pm, these two-hour excerpts cover three different areas of the park and unlock many secrets and juicy stories behind the park and it’s history. General Central Park knowledge will also be shared on these tours, but the focus is the little known.

The North Secrets Walking Tour discovers a hidden fortress, recounts the annual sleigh race for a bottle of bubbly and discovers some of the most beautiful hidden spots of nature in Central Park. Join us and explore the lesser known end of the park and learn of the many secrets it holds.

Each secret tour starts at different location and all include approximately 2+ miles (3k+) walking. The north and middle kingdom tours include stairs and hills. Be prepared for a good walk!
